Is there a cost for this service or activity

No

Taking part if you are a child or young person with additional needs or a disability.

How can a child or young person with SEND take part in this activity

All our activities are designed and delivered for children with additional needs. Their siblings are very welcome to take part too. We do our best to accommodate all disabilities. We are occasionally constrained by limitations such as the acoustics and noise levels in the building we use and the lack of a Changing Places grade toilet. However we have a lift to the first floor and a disabled toilet. We do our best to make sure everyone's needs are met and everyone feels welcome and included.
