Family Fund

Organisation details

Description of activity

Family Fund is the UK's largest charity providing grants and services for families on low incomes raising a disabled or seriously ill child or young person, up to the age of 24.

Grants are available for essential items to help meet a child or young person's support needs, including kitchen appliances, furniture, computers and tablets, play and sensory equipment, clothing, bedding and family breaks.

We also provide services such as digital skills workshops, online money management tools and information events.

You can find out more about the grants and services we provide on our website (www.familyfund.org.uk)

Who can apply?

To decide if your family is eligible for a grant, Family Fund look at your income and the impact of disability on your child. Children and young people do not need a diagnosis to meet our criteria.

You can read more about our eligibility criteria on our website here - <https://www.familyfund.org.uk/grants/am-i-eligible/>

How can I apply?

The easiest way to apply is to register for an online account with Family Fund on our website. You can then use this to make an application, update your contact details, or track your application.

If you are not able to apply online, you can download an application pack or request an application pack to be posted to you.
