## Fircroft Trust

### Organisation details

#### Description of activity

The Fircroft Trust support adults living in the community with mental health challenges or learning disabilities to live well locally. We are the only organisation in the Borough providing centre-based support for people with mental health and wellbeing problems. We work hard to break down stigma and misunderstanding surrounding mental health.

We also offer Residential and Supported Living services for adults with learning disabilities at Firs Court in Chessington. We aim to help our clients develop and maintain the necessary independent living skills they need to maximise their potential.
