Stepping on Out

Organisation details

Description of activity

'Stepping on Out' is a charity which produces hand made greetings cards by adults with learning disabilities. Run by people with learning disabilities and have been up and running since September 2004. We are based in Richmond upon Thames, and were originally formed at Richmond Adult Community College.

Our aim is to enable people with disabilities to gain independence away from a college or day care environment. We make our own greetings cards, bookmarks and other goods which we sell at various venues to raise funds for our business.

We all work very hard to make our business a success and eventually hope to employ other people with disabilities to help us with production and administration.
