## Fayre&Square

### Organisation details

#### Description of activity

We are a community shop offering flexible training placements to individuals with any perceived barriers to employment. These include physical or leaning difficulties, mental health challenges or confidence issues.

Since 2013 almost half of our 132 training graduates have gained paid employment. Others have chosen further training or volunteering options.

We are partly self-funded thanks to the stallholders who pay rent and provide unique handmade items to the shop. They volunteer to keep the shop open and donate 10% of takings.
