## Sensory workshops by Embracing Arts

### Organisation details

#### Description of activity

We all learn in different ways! Our workshops help those who are visual and physical learners to explore subjects through performance and interaction.

We use our unique brand of puppetry, storytelling, improvisation, music and sensory elements to bring the chosen subject to life. Our workshops are inclusive and open to all, but with a particular bias toward SEND schools and mainstream schools with SEN provision. The sessions are adaptable to different ages ranging from KS1-KS4, and we deliver content suitable for varying abilities, be it mainstream schools with SEN provision or SEND schools.

Our workshops last 45 minutes and are underpinned with expert insights, delivered by professional actor-facilitators.

Whatever the subject matter, we aim to make every session interactive, engaging and fun!

Embracing Arts Workshops are:

- Accessible for all children, and embracing of their health or educational needs
- Suitable for all ages
- Designed by actor-facilitators with over 20 years' experience of delivering schools' workshops
- Created with care by professionals who understand and have experience of working with children with special educational needs
- Multi-sensory and interactive
- Inspired by a passion for delivering educational content through theatrical experiences which are accessible for all

## Taking part if you are a child or young person with additional needs or a disability.

### How can a child or young person with SEND take part in this activity

Our Embracing Arts Workshops, are a real hit! Based around a chosen theme, and featuring intensive interaction, sensory play, singing, music and lots of participation, they are perfect for SEN schools, play groups, community groups and anywhere where

children come together to create, learn and explore...

Here's what people have been saying about them:

"As the MM members left today, they were singing Claire's praises. I don't remember getting such positive feedback before. Today was the first day the members lingered as they were all saying Happy Christmas having had such a good term."

- Community & Education Manager, Discover Children's Story Centre (Mighty Mega workshops for children aged 5-11).

"I just wanted to say thank you so much for yesterday's session. Our heads have passed on such incredible feedback, they really felt that the children were engaged and thriving and have asked us to book you back in as soon as possible!!"

- Programme Administrator, The KEF Centre
